PROFESSIONAL SUMMARY

Java Full Stack Developer Fresher with hands-on experience in Java, Spring Boot, Spring Security, Hibernate, React.js, MySQL, REST APIs, and JWT Authentication. Built full-stack projects including School ERP, E-Commerce, and Learning Management System (LMS). Strong knowledge of Core Java, OOPs, Collections Framework, JDBC, SQL, Exception Handling, and API Integration.

EDUCATION

Bechelor of Technology in Computer Science Engineering

2021 - 2025

Meerut Institute of Technology, Meerut

75.6%

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, SQL
- **Frontend:** HTML5, CSS3, Bootstrap, React.js, Axios, React Hooks (useState, useEffect)
- **Backend:** Core Java, JDBC, Spring Boot, Spring Security, Hibernate, JPA, REST APIs
- **Databases:** MySQL, Oracle, MongoDB, TiDB Cloud
- **Tools:** Maven, Gradle, Eclipse, STS, VS Code, Postman, Swagger, JUnit 5, Render, Netlify
- **Version Control:** Git, GitHub
- **Concepts:** OOPs, Collections Framework, Exception Handling, Multithreading, SQL Joins, JSON, JWT Authentication

PROJECTS

E-Commerce | Java Full Stack Project

- Built an E-Commerce application using Java, Spring Boot, React.js, and MySQL.
- Implemented secure login and JWT-based authentication.
- Developed product, cart, category, and order management modules.
- Integrated REST APIs using Spring Boot and Hibernate/JPA.

SmartSchool ERP | Java Full Stack Project

- Developed a School ERP system using Java, Spring Boot, React.js, and MySQL.
- Implemented role-based authentication for Admin, Teacher, Student, and Parent users.
- Built REST APIs for attendance, fee, exam, teacher, student, and library management.
- Designed responsive user interfaces using React.js, Bootstrap, and Axios.

Learning Management System (LMS) | Java Full Stack Project

- Created a Learning Management System using Java, Spring Boot, React.js, and MySQL.
- Implemented secure authentication and role-based access control.
- Developed APIs for course enrollment, user management, and learning content.
- Built responsive frontend pages using React.js and Bootstrap.

TRAINING & CERTIFICATION

Java Full Stack Development – Naresh IT, Hyderabad
